As a Friend of the Pennsylvania Farm Show Foundation for 7 years, GHS proudly supports the mission to "stimulate, facilitate and support educational programs, incentives and events relating to the annual Pennsylvania Farm Show." This "Winter Extravaganza" is one of the largest agriculture events in the US and sponsors the education of the general public on food and fiber production that sustain the nation.

GHS provides relaxing and reliable infrared saunas that can improve your health and wellness in more ways than one. Infrared saunas are incredibly beneficial for people who have hard labor jobs like those in the agriculture industry and beyond.

Stop by our booth (#2511) to learn more about our saunas and how they can help improve your health and wellness. Or visit our website ([www.goodhealthsaunas.com](http://www.goodhealthsaunas.com)).

We look forward to seeing you!
